#### Why do we care about fiduciaries?

- Evaluation of compliance obligations depends upon it
- "Fiduciary" exercises discretion over the plan in some capacity

## Who are fiduciaries?

- Determined by the function \_\_\_\_ of the person:
  - Administering the plan
  - Management of the plan
    - Plan Administrators
    - Trustees
    - Investment Managers
- Individual exercising discretion in the administration of the plan
- ALL members of the plan's administrative committee
- Persons who select committee officials

### Not typically fiduciaries:

- When acting 50 ely in their professional capacity:
- When performing solely Ministerial tasks:

TPA

Attorneys

Accountants

- NOTE: Any of these roles may
  - become a fiduciaryif they begin to
- Actuaries exercise discretion i.e. control
- Recordkeeper
  - Utilization reviewer

#### **Fiduciaries**

- If you <u>determine</u> participant eligibility = fiduciary
- Plan must have at least ONE\_ fiduciary named in the SPD (identified by office or name)
- If employer sponsors fully-funded or partially self-funded plan = Fiduciary
- Fully-insured plan status depends on discretion element

### **Business Decisions NOT Governed by ERISA:**

- Establish a plan
- amend \_\_\_\_\_ a plan
- Terminate a plan
- HOWEVER: When an employer implements these actions or hires someone to act, they are acting on behalf of the plan, so they may be a fiduciary.
